CLAIM CONSTRUCTION ORDER

Before the Court are the Parties' claim construction briefs: Defendants Ronin POS, LLC, Marc Barry, and Kevin Bosquez's ("Defendants") Opening and Reply briefs (ECF No. 44 and 47, respectively), Plaintiff Best Ring, LC, Festival Control Systems Processing, LLC's ("Plaintiffs") Response and Sur-Reply briefs (ECF No. 45 and 48, respectively), and the Parties' Joint Claim Construction Statement (ECF No. 49). The Court considered the Parties' briefs and provided preliminary constructions on April 27, 2023 in advance of the *Markman* hearing. A *Markman* hearing was scheduled on April 28, 2022 but cancelled after the parties agreed a hearing was not needed given the preliminary constructions. The Court issues this Order to memorialize the Court's final claim construction rulings for the parties, and to inform the parties that the Court is will issue a more-detailed Memorandum explaining its analysis in due course. The deadline to file any objections to the undersigned's claim construction rulings (pursuant to Federal Rules of Civil Procedure 59 and 72) do not need to be filed until 14 days after that more fulsome Order is entered upon the docket.

SIGNED this 27th day of April, 2023.
